THE MANUFACTURER undertakes to respect its obligations according to the terms and conditions of this licence agreement. No commitment of THE MANUFACTURER shall be construed as a guarantee of results, except where otherwise specified. A licence or access entitles the customer to install the Product on his/her personal computer or to access a service. Network licences are granted for use on multiple work stations running in a network, agreed in writing prior to purchase between THE MANUFACTURER or one of its distributors and the customer. Unless otherwise agreed in writing by all parties, the licence rights of the software will be granted to the customer only when full payment has been received by THE MANUFACTURER. Where payment is made in instalments over a period of time agreed with THE MANUFACTURER, returns may only be accepted within 14 days from 1st instalment payment or the Product received (1st payment is non refundable). Unless otherwise agreed by all parties in writing, the Product will be delivered only when full payment has been received by THE MANUFACTURER. The delivery date(s) is/are non binding. THE MANUFACTURER shall be liable only if the delay is a direct consequence of flagrant and wilful misconduct on the part of THE MANUFACTURER. The customer agrees that any change required by him/her that departs from the initial contract may extend the delivery term and increase the price. In the event that the customer refuses or delays accepting or receiving the products, he/she shall make the payment(s) in accordance with the terms and conditions initially agreed by the parties and reimburse THE MANUFACTURER all costs caused by the refusal or delay caused by him/her. THE MANUFACTURER has the right to suspend its own obligations to deliver products or to make them available, in the event there is any evidence of insolvency or non-payment on the part of the customer.

HOW YOUR CARD INFORMATION IS STORED AND MANAGED:

If you rent a program/service or pay for a product (once or in instalments), ZEUS does not save your card data. The card information you insert is managed by the financial solution provider used at the time of transaction which can be:

Ingenico: <https://ingenico.com/en>

Worldpay: <https://www.worldpay.com/en/>

PayPal: <https://www.paypal.com/us/home>

HOW TO MANAGE YOUR SUBSCRIPTIONS:

RENTING: If you are renting a service from us, you can manage this in the personal area of the website you used to register with us. Remember you have the right to cancel a rental subscription anytime. If you cancel your subscription, your card will no longer be charged from the next upcoming renewal and you will thus lose access to the product/service you were paying for.

INSTALMENTS: If you wish to cancel an instalment, remember that if you have not paid the product in full, you will not be refunded any amount and you will lose access to the said product or service. Instalments can be cancelled by contacting your local dealer or by opening a ticket with our support team.

PAYMENT DATES: To find out when your next payment is due, simply log into your personal area and you will see the times and dates. These cannot be changed as the payments are automatic.

If your card has expired, lost or stolen, you can renew your payment info in the personal area of the website you used to register with us. Please make sure you do this **before** your next renewal date, as a failed payment renewal will automatically cancel your access to our services, and in case of instalments, it will cancel your purchase and right to validate past payments for the said product or service. If you have any problems please contact your local dealer (<https://www.radaropus.com/contact/dealers>) or our support team (<https://helpdesk.zeus-soft.com>) and consider between 1 and 7 days for a reply (times are based on average response rate and may vary).

CHANGES TO THIS AGREEMENT:

If any of our terms change, we will notify you via our platform (online CRM in your personal area) and/or via email (if you have provided us with the correct contact information). Once you agree on the new terms, we will renew our services. If you do not want to agree to our new terms, we will end our services to you.

3. LIMIT OF THE MANUFACTURER'S LIABILITY

Under no circumstances will THE MANUFACTURER be liable for any damage caused by your failure to perform your obligations, or for any loss of data, profits, savings, or any other consequential and incidental damage, even if THE MANUFACTURER has been advised of the possibility of damage, or for any claims by you based on any third-party claim. The program and all its functions are intended as a source of information for the user. The MANUFACTURER is not liable for any damage to any party because information from the Product has been used/misused.

THE MANUFACTURER reserves the right to terminate the Agreement or suspend its own obligations and recuperate the Product at any time, without prior notice or damages due to the customer, without forgoing its right to reimbursement of costs or compensation for any direct or indirect damage resulting from termination. This includes loss of earnings suffered by THE MANUFACTURER, its customers or a third party, for the following reasons:

- In the event the customer does not respect his/her obligations, delays in respecting them or if it becomes reasonably certain that the customer is not going to respect his/her obligations or will delay in doing so, according to the terms of the Agreement;
- in the event of incapacity, bankruptcy, insolvency, protest, seizure, cessation of payments, application for a payment moratorium or any other financial difficulties the customer may experience.
- in the event THE MANUFACTURER ceases or changes its professional activities; in the event of force majeure lasting more than 1 month.

In the event of termination or cancellation by the customer not due to flagrant and wilful misconduct on the part of THE MANUFACTURER, all instalments already paid by the customer will be kept by THE MANUFACTURER. Furthermore and in all other cases, THE MANUFACTURER is entitled to request a minimum indemnification of 30% of the total price, without prejudice to the right to compensation if actual damages are higher for THE MANUFACTURER.

7. GOVERNING LAW, JURISDICTION AND DISPUTE RESOLUTION

The Agreement shall be governed by and construed in accordance with the law of Belgium. The parties agree to submit to the exclusive jurisdiction of the Court of Namur in respect of any dispute which arises out of or under this Agreement.

8. COMPATIBILITY WITH OPERATING SYSTEMS

RadarOpus will be compatible with the operating systems listed on <http://www.radaropus.com/compatibility>

For information on other products, please visit www.zeus-soft.com

9. ORDER AND CONFIRMATION

Offers are not binding. Specifications and data presented in THE MANUFACTURER'S service or product information, brochure, price lists or any other documents are purely informative and not binding. Service or product specifications and prices can be modified at any time without prior notice.

10. PRICES AND PAYMENT TERMS

Prices do not include VAT (local sales tax), unless indicated in writing. Prices are only indicative and shall not be construed as fixed or set. Prices of products are ex-works (EXW – Incoterm CCI 2010), excluding transport, VAT, taxes, special packaging and any other costs that are not expressly specified in writing. Unless otherwise agreed between parties, invoices are payable immediately. Payment shall be made in Euros, or other currency previously agreed in writing, via IBAN/BIC bank transfer or other electronic payment methods to the account specified on the invoice or otherwise agreed by the parties in writing. Any Bank transfer fees are at the expense of the buyer. The customer may purchase from the official local resellers or THE MANUFACTURER. More information can be found on the official RadarOpus website: <http://www.radaropus.com>. The currency and prices may be applied based on the sales agreement between the customer and the official reseller. If a payment is not made on the due date or in accordance with the conditions specified on the order form or on the invoice, it shall accrue interest at a rate of 1% per month, with a minimum of 250 EUR per breach, without prejudice to the right to reimbursement of costs or compensation for higher damage. In addition, THE MANUFACTURER reserves the right to suspend its own obligations until full payment has been made by the customer or to terminate the Agreement and keep all instalments or payments already made by the customer to THE MANUFACTURER or any of its resellers, without prejudice to the right to reimbursement of costs or compensation for any direct or indirect damage resulting from a delay of payment suffered by THE MANUFACTURER, its customers, or a third party. We accept payments through Visa and MasterCard (or any other payment methods shown on our website at the time of payment). If you choose to pay with a credit card, the money is instantly withdrawn from your account upon confirmation of the payment. We do not store any information related to your card unless expressly agreed with you in writing prior to any action.

If you have chosen a software rental option or agreed with the seller to pay for your product in instalments, during the period of your rental or instalments, the money will be withdrawn from your account automatically on the same day and with the same reoccurrence agreed upon purchase of your product. Alternatively you may also choose to pay for a specific number of months, in which case your product will start functioning on the day of installation or renewal (you will need an internet connection for this). Customers paying the product in instalments do not own the product until the last instalment has been successfully paid. Customers renting the product never own any part of the product and are simply granted access for the period they pay for the program rental. If you rent a program and decide to purchase an additional item, you will own the additional item for as long as you continue renting the program. If you stop renting the program THE MANUFACTURER will hold your purchase history for 12 months from your last rental date. After 12 months of account inactivity you will lose access and ownership to any items purchased during the rental period. If you purchase a program following a rental period and within 12 months from the last rental date, THE MANUFACTURER will carry any of your purchases during the rental period onto your newly purchased program, subject to discretion of the MANUFACTURER, compatibility and availability of the products. For any transaction, the valid prices are those shown on our website at the time of payment.

DECLINED PAYMENTS:

RENTAL: if you are renting, you are receiving access to one/some of our product(s) and service(s) in exchange for an advance payment for a set period of time stipulated on the receipt of your payment. Products and services are never guaranteed, but we aim to give the best service possible in order for you to make use of the product(s) and service(s) offered. If your rental payment cannot be completed (e.g. because your card has expired or has insufficient funds), your software will stop working on the expiry date of your last payment and you will

no longer be granted access to the product(s) and its service(s). If you have any issues with making a payment automatically through our systems, please contact your local dealer. You may also contact us by opening a support ticket on <https://helpdesk.zeus-soft.com>. For any other type of enquiry our head office number is +32(0)81728570.

PAYMENT PLAN/INSTALMENT: if you are on a Payment Plan, you are paying for one/some of our product(s) and service(s) over a set period of months. Until you have made the last payment of the Payment Plan successfully you do not own the product. A Payment Plan is treated as a rental until you have successfully paid 100% of the product, as a result you are being granted access to our product(s) and service(s) in exchange for an advance payment for a given period of time. If you miss a payment because your card is declined, the program will stop working and you will have up to 15 days to make the missed payment (Curating Period) in order to avoid losing the accrued payments made until then. If the overdue payment has not been made within the curating period (15 days from the last payment's due date and time), your Payment Plan will be permanently deleted. Once a Payment Plan is deleted, all of its payments are considered as a rental; as a result, if you wish to purchase a product again on a Payment Plan after your Curating Period, you will be treated as a new customer and will thus need to start a new payment plan which disregards any of your past payments. Please be aware that THE MANUFACTURER, its partners and staff cannot reverse the deletion of a Payment Plan. If you have issues with making a payment, please contact us immediately, allowing at least 7 working days from your next renewal payment date. You may find your local dealer's contacts on: <https://www.radaropus.com/contact/dealers> or please open a support ticket by visiting <https://helpdesk.zeus-soft.com>.

11. FORCE MAJEURE

The parties are not liable if they do not respect their contractual obligations when prevented from doing so by force majeure and where it cannot reasonably be expected of them to have foreseen a case of force majeure at the time of signing the order form. This also applies in cases of force majeure that do not entirely prevent the processing of an order, but nevertheless make it substantially more difficult or more onerous. For example, in the event of a fire, strikes, accidents, illness, natural disasters, destruction of installations or equipment, general lack of supplies or means of transport; delay or non-performance of the obligations of THE MANUFACTURER'S suppliers or sub-contractors, computer bugs, technical problems or legal or administrative procedure which delays the fulfilment of either party's obligations. Under these circumstances the defaulting party must warn the other party in writing as soon as possible, with satisfactory proof of the case of force majeure. The obligations of the parties who are unable to respect their part of the Agreement due to force majeure can be suspended provisionally or renegotiated. In the event that a situation of force majeure lasts for more than 6 months, the Agreement will automatically be terminated, without indemnity, unless agreed to the contrary by the parties.

When you ship the item, it is up to you whether you want to insure the contents and for what value; we strongly advise to insure it for the value you paid upon purchase. If the item arrives damaged it will be your responsibility to contact the courier and seek a compensation for the damage. ZEUS SOFT shall not refund items that do not arrive in the same conditions as they were originally shipped. If you have purchased our software with software protection only, we may need to connect to your computer remotely in order to uninstall the software. Failure to accept our remote support to uninstall will result in no refund. Please note we do not accept returns AFTER 14 days from purchase.
